<https://github.com/reb01>

Front & Back End: React.js, Redux, HTML, CSS, JavaScript ES6, TypeScript, Styled Components, Node.js, Express, MongoDB, Firebase

Tools: Git, Github, Trello, Babel, NPM

Projects

BebeChic Uk Website

Demo: <https://bebe-chic-658ighbpy-reb01.vercel.app/>

Currently developing a website for BebeChic UK Website. To go into production at the end of October 2021.

Technologies: React JS, Styled Components, EmailJS

Vaccine Forecast Canada

Demo: <https://vaccine-site.vercel.app/>

Developed a React app which shows projected dates of vaccination rates per population percentage, by Province in Canada. The projected dates are calculated using a rolling average of the last 7 days of vaccine administration (first dose) - by Province. Vaccination data is taken from the API documentation for the COVID-19 Canada Open Data Working Group dataset <https://opencovid.ca/api/>

Technologies: React JS, Styled Components, API

EATEASY (OpenTable Clone)

Demo: <https://www.youtube.com/watch?v=jgvKrwPvjfQ>

Developed a React app which searches and displays restaurant data by name or location in Canada. Used Google Maps and Places API to get data and Unsplash API for better restaurant images.

Technologies: React JS, Redux, Styled Components, Google Maps and Places API, Unsplash API, Node.js, MongoDB, Express

WearTek Ecommerce Site

Demo: <https://weartek.netlify.app/>

Developed alongside 3 fellow students a React app which enables wearable technology to be purchased online.

Technologies: React JS, Redux, Styled Components, Google-Maps API, Node.js, Express

Education

Concordia University / Diploma in Full-Stack Web development

September 2020 - April 2021, MONTREAL, CANADA

Technologies covered include: React, Redux, HTML, CSS, JavaScript, Git & GitHub, Babel, NPM

Concordia University / BA Economics

January 2004 - April 2006, MONTREAL, CANADA

Hertfordshire University / BSc Civil Engineering

September 1998 - May 2001, HERTFORDSHIRE, UK

Experience

BebeChicCanada / Owner

Sep 2013 - Dec 2019, ONLINE

Ran my own business selling Breastfeeding covers (website and Amazon.ca/Amazon.com) - see reviews at www.amazon.ca/shops/bebechicca. Arranged manufacturing and responsible for all marketing, purchasing, accounting and customer service related to the business.

ICAO / Aviation Security Dept.

July 2010 - September 2016, MONTREAL, CANADA

Managed technology-related improvements for Security and Facilitation Policy Section. Updated and maintained branch databases. Planned, along with other section staff, a 900 person High-level Conference as well as various other conferences and meetings. Vetted applications by manufacturers/distributors worldwide to become registered producers of airport security bags.

Kitco Metals Inc. / Account Analyst Team Leader

January 2007 - January 2010, MONTREAL, CANADA

Leader of a 4 person team employed to provide post ERP (Enterprise Resource Planning) system implementation follow-up. Involved customer account and inventory account reconciliation between Lotus and ERP (Navision).

Suggested improvements in ERP system to the IT department and provided a link between customer service representatives and the IT department regarding queries and improvements.
